## Welcome to Phở Hot

We invite you to experience the traditional tastes and joys of Vietnamese cuisine, including Phở, Vietnam's most renowned culinary creation. Phở is a nutritious, wholly satisfying dish that families and friends have been enjoying together for over 100 years. Phở's origins can be traced back to Hanoi in the early 1880s, and its ingredients combine French and Chinese influences. The popularity of Phở and the passionate enthusiasm for the meal spread quickly throughout the entire country, and by the 1950s Phở was the favorite food of both the North and South Vietnamese.

## What is Phở?

Phở combines the favorite ingredients of the Vietnamese into one tasty, culturally significant food that is even greater than the sum of its parts. Beef, broth, rice noodles, vegetables, and herbs and spices all go into the creation of this beloved cuisine.

Ingredients:

Meat – mainly beef (chicken can be a great substitute)

Noodles – made of the finest rice vermicelli

Soup – our broth is a family recipe, cooked delicately for 8-10 hours

Vegetables – bean sprouts, white onions, green onions, lime, sliced jalapeños

Spices- basil, cilantro

## Share in the Tradition of Phở Culture

Phở is a delicacy that helps to both define and bring comfort to the Vietnamese people. Many laughs are shared and differences are forgotten over bowls of this steamy, delicious, and nourishing food. We are proud to share the unique tradition of Phở with everyone, whether you are tasting it for the first time or are being reminded of happy family dinners in the Saigon restaurants of your childhood.

Featuring authentic, award-winning cuisine that is both tasty and healthy, Phở Hot is Wichita's first choice for Phở and other Vietnamese specialties. Our full menu also includes appetizers, salads, sandwiches, noodle and rice dishes, and traditional Vietnamese beverages.

We are pleased to offer all military personnel a 10% discount.

## Healthy, Nutritious Choices

Phở Hot is committed to offering tasty, low-fat Vietnamese cuisine that fits your healthy lifestyle. We season our food with natural herbs and spices for mouth-watering flavors that are low in sodium. We use lean meats and also offer multiple vegetarian options. In April 2007 we were the proud recipients of the Positive Plate Award, an honor given by the Wichita Diabetic Association to recognize restaurants that make healthy eating easy and delicious.
